

Spyoom Lounge Chair

Inspired by the soft, irregular movement of sea foam, the Spyoom Lounge Chair was designed by award-winning designer Apiwat Chitapanya. Its organic form captures the essence of nature - fluid, delicate, and beautifully imperfect. The cloud-like upholstered body creates a sense of softness and texture, while the hand-cast solid brass frame introduces warmth, structure, and balance. Every curve reflects the natural movement of foam gathering along the shore, constantly shifting yet never exactly the same twice. More than a place to sit, the Spyoom Lounge Chair is an artistic expression designed to be experienced as a work of functional art.
